ABRAR MUHTASIM PATHAN

Mirpur-11.5, Dhaka, Bangladesh | abrar.muhtasim.pathan@gmail.com | +880 1684-413747 | https://bit.ly/4wOoS17

PROFILE INFO

Graduated from the Urban and Rural Planning Discipline of Khulna University, specializing in disaster risk reduction, statistical data collection and analysis, climate resilience, and environmental sustainability through GIS and remote sensing.

PROFESSIONAL EXPERIENCE

Agence Française de Développement (AFD) technical team on support of the MEGHNA RIVER MASTER PLAN Dhaka, Bangladesh
Junior Consultant *August 2026 – Ongoing*

In my role, I have coordinated, arranged, assigned meetings with ministries and other relevant stakeholders to write a diagnosis report on the evaluation in the implementation of the master plan.

- Performed land cover change analysis and prepared maps on the implementation area of the master plan.
- Attending two days of national conference including field visit on Bangladesh's river on river-bank management, river Loss & Biodiversity organized by the European Union (EU), Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) and AFD.
- Coordinating with regulatory authorities and other project teams including governmental ministries and donor fund agencies.
- Collecting and transcribing meeting discussions to quantify the progress of the master plan with updated record of the work by qualitative and quantitative analysis to develop the diagnosis report.
- Arranging meetings and preparing meeting minutes and presentations for critically reviewing the progress of the master plan.

EARTHINK LIMITED Dhaka, Bangladesh
Junior Urban Planner *March 2026 – August 2026*

In my role, I have performed data analysis, qualitative and quantitative research, and provided administrative and logistical support for programs and projects.

- Prepared thematic maps, survey maps, planning reports and technical documentation for client deliverables.
- Coordinated with regulatory authorities and other project teams including Architecture, Engineering, Survey, and Real Estate teams.
- Assisted with knowledge management of projects by organizing, archiving, and maintaining project documentation and spatial databases for team-wide access.
- Supported data collection, entry, cleaning, transcription, record management and qualitative and quantitative analysis to inform planning proposals through coordination with clients and stakeholders.
- Assisted in arranging meetings and preparing meeting minutes and presentations for project reviews and client discussions, using MS Word, Excel, and PowerPoint.

BANGLADESH SPACE RESEARCH AND REMOTE SENSING ORGANIZATION (SPARRSO) Dhaka, Bangladesh
Intern *December 2025*

In my role, I worked on Sentinel-1A to determine the water extent of Kaptai lake in pre-monsoon, monsoon and post-monsoon season.

- Boundary delineation of Kaptai Lake using Sentinel-1 and Sentinel-2 data.
- Report writing on SPARRSO's previous and existing projects.
- Delivered a presentation among government officials on the Kaptai Lake delineation project.
- Assisted in internal and external communication between the project team and government stakeholders throughout the Kaptai Lake delineation project.
- Assisted task leaders to organize meetings with partners and stakeholders at local and national levels.
- Supported finalization of reports and presentations for dissemination among government officials and partner organizations.

MASTER PLAN OF PANKHALI UNION, DACOPE SUBDISTRICT (ACADEMIC WORK)
Team Lead *September 2025 – November 2025*

Project focused on a union of Khulna district. Led the team and coordinated with authorities to generate the plan and strategy according to the given resources.

- Led project design, data collection, formal statistical analysis, and writing using Excel, SPSS, GIS, and KoBoToolbox.
- Coordinated with local and national level authorities and community stakeholders through meetings and field visits to align the plan with local development needs.
- Facilitated workshops and Focus Group Discussions (FGDs) to collect primary data and validate planning strategies with community members.
- Transcribed and documented survey instruments and community feedback between Bengali and English for documentation and reporting purposes.
- Assisted all team members and to perform other tasks assigned by the supervisor.

RESEARCH AND PROJECT EXPERIENCE

LANDSLIDE SUSCEPTIBILITY MAPPING (Q1)
Researcher *April 2025*

Predicting landslide susceptible zones in the Chittagong hilly region using machine learning techniques, trained on historical landslide event data to forecast future outcomes.

- Contributed to data collection and formal analysis using GIS, Earth Engine, Python, and ML.
- Assisted in preparing technical documentation and knowledge products, including research findings, for academic and stakeholder dissemination.

FLOOD SUSCEPTIBILITY MAPPING USING SAR DATA (UNDERGRADUATE THESIS)
Researcher *May 2025 – December 2025*

Susceptibility mapping of a critical river basin in northern Bangladesh during flood events, using SAR data and machine learning based models.

- Led conceptualization, data collection, formal analysis, and writing using GIS, Earth Engine, Python, and ML.
- Prepared technical reports and documentation summarizing research methodology and findings for academic dissemination.

CYCLONE-BASED MULTI-HAZARD MAPPING IN BANGLADESH
Researcher *September 2024 – November 2024*

Mapping of cyclone hazard zones using MCDA and AHP methods to determine the extent of cyclone-affected areas in Chittagong City Corporation, based on secondary data.

- Led conceptualization, data collection, formal analysis, and writing using GIS, Earth Engine, and Python.
- Collaborated with experts to develop the AHP score for individual cyclone conditioning factors.

TRAVEL BEHAVIOR REPORT ON KHULNA CITY CORPORATION (ACADEMIC WORK)
Researcher *January 2024 – September 2024*

Determined travel patterns of citizens living within the Khulna City Corporation ward boundary through a household survey of 800 households, followed by statistical analysis of key variables.

- Contributed to data collection, formal statistical analysis, and writing using Excel, SPSS, and GIS.
- Assisted in organizing household surveys and coordinating with enumerators and respondents across Khulna City Corporation wards.

LEADERSHIP EXPERIENCE

PLANNEX (UNIVERSITY CLUB) Khulna, Bangladesh
Co-founder and Treasurer *May 2025 – Ongoing*

- Successfully engaged and contributed career talk sessions with more than 160 participants.
- Managed the financial transactions and accounts of the club.
- Coordinated event planning, logistics, and documentation for capacity development and awareness sessions.

STUDENT SQUARE (NON-PROFIT SOCIETAL FOSTERING ORGANIZATION)
Member *September 2024 – Ongoing*

- Speaker and management contributor in school counselling sessions; designed presentations for student nurturing sessions.
- Provided innovative solutions for expanding the organization's output visualization and performed statistical analysis to generate output models.
- Assisted in knowledge transfer and awareness-raising initiatives through counselling sessions and presentation design for student development.

ROTARACT CLUB OF KHULNA UNIVERSITY Khulna, Bangladesh
Sergeant at Arms *February 2022 – June 2024*

- Active contributor as part of the management committee in more than 30 sessions.
- Arranger of two Job Fair sessions.

EDUCATION

KHULNA UNIVERSITY Khulna, Bangladesh
Bachelor of Urban and Rural Planning *January 2022 – December 2025*

CGPA: 3.52 / 4.00 (General scholarship recipient in all semesters)

ADDITIONAL

TECHNICAL SKILLS

ArcGIS/qGIS	Spatial Analysis (site suitability, overlay, buffer, proximity, etc.), Geoprocessing, Overlay & Weighted Overlay Analysis, Hotspot & Coldspot Analysis, Topology and Network Analysis, Land Use/Land Cover Analysis, Multi-Criteria Decision Analysis, Site Suitability Assessment, Georeferencing, Map Digitization from Raster to Vector format., Google Earth Mapping
Python	Python based data analysis using machine learning and deep learning models and visualization in different formats with more precision
Adobe Illustrator	Poster design, Brochure design
AutoCAD	2D layout design, layout plans
SPSS	Statistical inferential and descriptive analysis and visualization
MS Office	Documentation, presentation, database management and visualization

LANGUAGES:

English (Fluent | IELTS – 7.5), Bangla (Native), Hindi (Communication).

CERTIFICATIONS:

Champion, Real-Estate Idea Generation Presentation Competition (Feb 2025); GIS Competition Participant, Plannation 3.0 by KUET (Feb 2025); Completion of Project Essential Course by Disaster (Feb 2025); Strengthening Urban Climate Resilience of Khulna Towards SDGs 2030, GIZ Bangladesh & BYEI (June 2023); Skill Development Session, Rotaract Club of Khulna University (June 2023).

AWARDS:

Academic Excellence Award (Session 2023–2024); 9th Position, Intra-University Quiz Competition (April 2022); Khulna University General Scholarship (All Semesters).
